

DICOUSTIC

Acoustic PET Felt Panels

F-PC014- Bauhaus1919

1200 x 2400 x 12 mm 1200 x 2400 x 24 mm

Inspired by Bauhaus

Titled Bauhaus1919, this original pattern pays tribute to the iconic Bauhaus movement—where art, design, and function converge. It blends artistic expression with the precision of mathematical geometry, resulting in a multidirectional composition that is both structured and fluid. With intersecting arcs, circles, and linear elements, the design creates a visual rhythm that shifts with perspective depending on orientation —making it ideal for modular integration in architectural and interior applications.

Product Specifications

Panel Dimensions	1200 mm x 2400 mm
Composition	Min. %75 post-consumer recycled materials (PET Bottles)
Tolerance	± %0.5
Thickness	12 mm , 24 mm
Thermal Performance	DI-Panel 12 mm (R0.41 (@15c) DI-Panel 24 mm (R0.82 (@15c)
Microbial Resistance	ASTM (G15- 21) Growth rating: 0 (No Growth) Dicooustic Panel does not promote the growth of moulds and mildew
Absorption Coefficient According to ISO 354	(12 mm) - NRC 0.45 (12 mm with 25 mm air gap) - NRC 0.7 (24 mm) - NRC 0.7 (24 mm with 25 mm air gap) - NRC 0.8
VOC	Private Office-Wall-Pass School Classroom-Wall-Pass Single Family Residence-Wall-Pass Private Office-Ceiling-Pass School Classroom-Ceiling-Pass Single Family Residence-Ceiling-pass
Fire ratings DICOUSTIC Panels has been evaluated using the following test method	EN13501-1:2018 Class B-s2,d0 **ASTM E84-2018 Class A ** Optional
